PREAMBLE

This agreement is made and entered into by and between the Royal School District No. 160, hereinafter called the "District", acting by and through its Superintendent and the Royal Education Association, hereinafter called the "Association."

ARTICLE I - ADMINISTRATION

SECTION A: EXCLUSIVE RECOGNITION

The Board recognizes the Association as the sole and exclusive bargaining representative for all full-time and part-time professional certificated employees, which means employees holding a teaching certificate from the State of Washington, except the District Superintendent, Principals, Athletic/Activities Director, and Special Education Director/High Cap. Coordinator.

Substitute teachers who have worked thirty (30) days or more during a calendar year and who continue to be available for employment and substitute teachers who replace or are replacing an employee for twenty (20) or more consecutive days are to be included in the bargaining unit. Substitutes shall not be covered by the provisions of this agreement other than rate of pay. The rate of pay shall be established as part of the annual salary schedule. Substitutes after twenty (20) consecutive days will be paid according to their placement on the salary schedule.

The Board agrees not to negotiate with or recognize any other certificated employee organization other than the Association, and its affiliates, the Washington Education Association (WEA) and the National Education Association (NEA), for the duration of this agreement.

Unless the context in which they are used clearly requires otherwise, words used in this Agreement denoting gender shall include both masculine and feminine.

SECTION B: CONTRACT COMPLIANCE

All individual certificated employee contracts shall be subject to and consistent with Washington State laws, State Board of Education regulations, and the terms and conditions of this Agreement. Any individual certificated employee contract hereinafter executed shall be subject to and consistent with the terms of this Agreement between the Board and the Association. If any individual certificated employee contract contains any language inconsistent with this Agreement, this Agreement during its duration shall be controlling.

SECTION C: CONFORMITY TO THE LAW

1. If any provision of this Agreement or any application of this Agreement to any certificated employee or group of certificated employees shall be found contrary to law, then such provision or application shall be deemed invalid except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

2. No change, revision, alteration, or modification of this Agreement in whole or in part shall be valid unless the same is ratified by both the Board and the Association and endorsed in writing thereon.

SECTION D: DISTRIBUTION OF AGREEMENT

Following the ratification of this Agreement by the Board and the Association, the District will post the Agreement on the District's web site. The District will instruct all new hires in how to access the collective bargaining agreement during orientation.

SECTION E: MANAGEMENT RIGHTS

The District shall have the exclusive right to manage the affairs of the District provided that the wages, hours, terms, and conditions of employment stipulated by the statutes of the State of Washington, statutes of the United States, and the provisions stipulated within this Agreement are adhered to.

SECTION F: SUB-CONTRACTING

The District will bargain with the Association concerning the effects of any proposed sub-contracting on certificated employee positions. Positions for which the District sub-contracts shall remain open and posted until filled.

The District will not employ Teach for America candidates or other candidates from similar institutions.

ARTICLE II- BUSINESS

SECTION A: PAYROLL DEDUCTIONS AND REPRESENTATION FEE

1. The Association and its affiliates have the right of automatic payroll deduction of membership dues, assessments, and fees for certificated employees.
2. The Association shall provide an automatic payroll authorization form to each certificated employee.
3. The Association shall submit the automatic payroll authorization to the District payroll office for processing. A table of prorated annual dues, assessments, and fees will be supplied to the District payroll office by the Association at any time on the form available from the Association and shall become effective on August 31. The Association shall submit notice of such revocation within five (5) days to the District payroll office.
4. No member of the bargaining unit will be required to join the Association; however, those employees who are not Association members but are members of the bargaining unit will be required to pay a fair share representation fee to the Association. The amount of the fair share representation fee will be determined by the Association and transmitted to the Business Office in

writing. The fair share representation fee shall be an amount less than the regular dues for the Association membership as determined by the association, and non-members shall be neither required nor allowed to make a political (WEA-PAC or NEA-PAC) deduction. The fair share representation fee shall be regarded as fair compensation and reimbursement to the Association for fulfilling its legal obligation to represent all members of the bargaining unit (RCW 41.59.100). Such fair share representation fee deduction shall be made by the District Payroll Office upon written notification from the Association.

In the event that the fair share representation fee is regarded by an employee as a violation of their right to non-association, such bona fide objections will be resolved according to provisions of RCW 41.59.100 or the Public Employment Relations Commission.

SECTION B: OTHER DEDUCTIONS

The District shall, upon receipt of authorization from a certificated employee, deduct from the certificated employee's salary and make appropriate remittance for medical plans, tax-sheltered annuities, and any other plan or program jointly approved by the Association and the Board.

SECTION C: ASSOCIATION RIGHTS AND PRIVILEGES

1. The Board will make available to the Association in response to reasonable requests from time to time, periodic financial reports, final budgets, register of certificated personnel agenda items, and Board information, provided that the information is public information and does not violate any individual employee's right to privacy.
2. Whenever any representative of the Association or any certificated employee is mutually scheduled by the parties to participate during working hours in negotiations, grievance proceedings, conferences, or meetings, he shall suffer no loss in pay for school district purposes.
3. The Association shall have the privilege to use school facilities and equipment, including computers, printers, typewriters, copy machines, calculating machines, and all types of audiovisual equipment at reasonable times when such equipment is not otherwise in use.
4. The Association and its affiliates may use Intra-District mail and email service for communications to certificated employees according to District procedures and guidelines.
5. The Association and its affiliates may use District buildings for meetings and transact official business on school property at all times when custodians are normally on duty and before and after school hours. The building principal shall be notified of such meetings one day in advance.
6. The Association and its affiliates will have the right to post notices of their activities and matters of Association concern on a bulletin board in the faculty lounge of each building.
7. The rights and privileges of the Association and its representatives as set forth herein shall be granted only to the Association as the exclusive representative of certificated employees and to no other organization(s).
8. Up to twenty-two (22) days of leave shall be available each school year to the Association for

matters stemming from or related to the local bargaining relationship, including conferences and negotiations with the District, contract administration and maintenance, investigation of grievances, preparation for participation in grievance arbitration hearings, representation of the Association at the Washington Education Association Representative Assembly and attendance at workshops or other activities concerning labor relations and/or legislation related to wages, hours, terms, and conditions of employment of education employees.

Notification of the leave shall be submitted by the Association President in writing to the Superintendent two (2) days, whenever possible, before the leave is to take effect. The Association President and the certificated employee(s) shall be informed of the arrangement made for the leave. The cost of the substitute shall be borne by the Association.

9. At the close of the meeting prior to the opening of school, the President of the Association or his/her designee shall be provided time to address the annual meeting of certificated employees.

ARTICLE III - PERSONNEL

SECTION A: CERTIFICATED EMPLOYEE RIGHTS

Discrimination in Washington public schools on the basis of race, creed, religion, color, national origin, honorably discharged veteran or military status, sexual orientation, including gender expression or identity, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability is prohibited. Nor shall the position on the salary schedule affect a certificated employee's assignment and promotion. The private and personal life of any certificated employee is not within the appropriate concern or attention of the Board unless a situation warrants disciplinary action.

b. Nothing contained herein shall be construed to deny or restrict to any certificated employee such rights as they may have under school laws or other applicable laws and regulations. The rights granted a certified employee hereunder shall be deemed to be in addition to those provided elsewhere.

2. Right To Join and Support Association

Every certificated employee of the District shall have the right to freely organize, join and support the Association for the purpose of engaging in negotiations and other concerted activities for mutual aid and protection. The District agrees not to discriminate against any certificated employee with respect to hours, wages or any terms or conditions of employment by reason of complaint or proceeding under the Agreement or otherwise.

3. Right to Due Process

The District agrees to follow a policy of progressive discipline, which shall begin with a verbal warning, progress to a written reprimand, then to suspension when required by the circumstances and possible discharge or non-renewal. Just cause shall be extended to all employees; for items dealing with discipline except when non renewing provisional employees under the terms of RCW 28A.405.220. Such discipline shall be done in private.

Prior to an employee being questioned by a supervisor for the purpose of seeking information which may be used as the basis for a written reprimand, suspension, discharge, or non-renewal, the employee shall be advised that they are entitled to have a representative of the Association or legal representative present at any meeting relating to such discipline.

All information forming the basis for any discipline shall be made available in writing to the employee and, upon approval and/or request of the employee, to the Association.

No past disciplinary notices, other than those required by law, shall be applied toward future disciplinary actions unless the same offense was committed during a three (3) year period of time.

Any complaint made against an employee or person for whom the employee is administratively responsible, by any parent, student, or other person will be promptly called to the attention of the employee. Any complaint not called to the attention of the employee may not be used as the basis for disciplinary action against the employee, except in cases of criminal investigation.

An employee has the right to Association Representation during disciplinary actions.

SECTION B: GRIEVANCE PROCEDURE

1. Purpose

The purpose of this grievance procedure is to provide a means for the orderly and expeditious adjustment of grievances of certificated employees represented by the Association under this Agreement.

2. Definitions

- a. "Grievant" shall mean a certificated employee or group of certificated employees or the Association filing a grievance.
- b. A "grievance" shall be defined as a written statement by a grievant that a controversy, dispute, or disagreement of any kind or character exists arising out of, or in any way involving, interpretation or application of the terms of this Agreement or of an existing Board rule, policy, or practice, or that an employee has been treated unfairly or inequitably, or that there exists a condition which jeopardizes an employee's health and safety.
- c. "Certificated Employee" means an employee of the District holding a regular teaching certificate from the State of Washington, except the District Superintendent and Principals.
- d. "Association" means the Royal Education Association.
- e. "Employer" shall mean the Board or its Administration.
- f. "Days" shall mean days the District office is open.

3. General Conditions

- a. Time Limits: The adjustment of grievances shall be accomplished as rapidly as possible. The number of days designated at each step shall be considered as maximum. To the extent that time limits are expressed in days, the days shall consist of days the District office is open except that after June 1, each day shall be counted. If the stipulated time limits are not met by the District, the grievant shall have the right to appeal the grievance to the next step. If the stipulated time limits are not met by the grievant, the grievance is deemed satisfied and may not be appealed further.

b. Freedom from Reprisal: Individuals involved in a grievance adjustment proceeding, whether as a grievant, a witness, a representative of the Association, or otherwise, shall not suffer any reprisal on account of their participation in the grievance adjusting process.

c. Assistance in Investigation: The District shall cooperate with the Association and furnish to it such information germane to the grievance as the Association may request.

d. Representation: At each step in the procedure, the grievant may be represented by a representative of the Association.

e. Release from Duty: If attendance at meetings, appeals, or other proceedings relating to the grievance adjusting process, whether as a grievant, a witness, a representative of the Association, or otherwise, requires a certificated employee's absence from his duty assignment, such absence shall be granted without loss of pay or other penalty.

4. Procedures

Step One: Every effort should be made to resolve grievances, or potential grievances, through free and informal communications between the grievant and the grievant's immediate supervisor. However, if such informal discussions fail to provide an adjustment of the grievance, the grievant may file a written Grievance Review Request (APPENDIX A) with the immediate supervisor. Grievances shall be filed within thirty (30) days of when the grievant or Association knew or should have known of the violation. The supervisor shall respond in writing within five (5) days. If such written requests fail to provide settlements, then the grievance may be processed as follows in the next steps.

Step Two: The Grievance Committee of the Association and/or the grievant may then request a meeting with the Superintendent or designee concerning the grievance within five (5) days after step one. After the grievance has been referred, the Superintendent shall provide a written decision concerning the grievance and any adjustment of it to the grievant and Association within five (5) days after the meeting.

Step Three: If the grievant is not satisfied with step two or has not been provided with a decision within the time limits prescribed, he/she may request or have the Association request a meeting with the Board within thirty (30) days. If not submitted within ten (10) days of receipt of the Step 2 decision, the grievance will be deemed withdrawn. If the request is made, the Board shall render a written decision respecting the grievance within ten (10) days of the meeting. This decision shall be written to the grievant and the Association.

Step Four: If the grievant is not satisfied with the disposition of the grievance by the Board or if no disposition has been made within the period above provided, the grievance, only at the option of the Association, may be submitted before an impartial arbitrator. The Association shall exercise its right of arbitration by giving the Superintendent written notice of its intention to arbitrate within twenty (20) days of receipt of the written disposition to the Board. The arbitrator shall be selected from the lists provided by the Federal Mediation & Conciliation Services (FMCS), the American Arbitration Association (AAA) or the Public Employment Relations Commission (PERC) in

accordance with their rules, which likewise shall govern the arbitration proceeding.

Arbitration Costs: Each party shall bear its own costs of arbitration except that the fees and charges of the arbitrator, if any, shall be shared equally by the parties.

Jurisdiction of the Arbitrator: The arbitrator shall have no power to alter, add to, or subtract from the terms of this Agreement. The arbitrator shall confine his or her inquiry and decision to the specific area of the Agreement as cited in the grievance form. Upon request of either party, the merits of a grievance and the substantive and procedural arbitrability issues arising in connection with that grievance may be consolidated for hearing before an arbitrator.

5. Deviation from Procedure

By mutual written agreement of the parties, steps one or two may be waived under unusual circumstances and the parties may proceed to the next step of this procedure. The Association may file Association grievances at Step 2, if the grievance is filed within thirty (30) days of when the grievant or Association knew or should have known of the violation.

6. Exclusion of Certain Matters

Excluded from the grievance procedure shall be matters for which law provides another method of review.

7. Forms for Implementing

Forms for implementing this procedure shall be provided by the District. (Appendix A)

SECTION C: PERSONNEL FILES

Personnel Files: Personnel files are considered confidential and are not generally open to the public, except as required by law.

Certificated employees shall have the right to inspect all contents of their own personnel files kept within the District. The District shall notify an employee, in writing, of any derogatory material received within seven (7) working days after receipt or composition. Failure to notify said employee shall automatically disqualify such material from being used in any grievance or disciplinary action against such employee. The certificated employee shall have the exclusive right of addendum on all items in the file. Upon request by an employee, any such derogatory materials except evaluations and disciplinary records which do not constitute physical

or sexual abuse of a student or an employee must be removed after three (3) years if there has been no reoccurrence during that time.

SECTION D: STAFF PROTECTION - Hold Harmless

1. **Certificated Employee:** Certificated employees shall be covered by the District's liability policy while they are working in the scope of their employment and shall be held harmless to the extent of the District's policy.

2. A certificated employee who is threatened by any person or group while carrying out assigned duties shall immediately notify the immediate supervisor. The supervisor shall notify the Superintendent and, if necessary, the police. Immediate steps shall be taken, in cooperation with the employee, to provide for the employee's safety. Precautionary measures for the employee's safety shall be reported to the Superintendent at the earliest possible time.

The District shall support any employee in seeking legal redress for violations of the law committed by students or members of the public who verbally or physically abuse the employee while performing duties for the District. Such support shall be evidenced through aiding the employee in obtaining the services of the county prosecutor for the purposes of processing the case. Employees using the services of private lawyers will cover their own obligations for such fees or costs incurred by the use of such services.

submitted to the District at the end of the said contracted time period but no later than two (2) months prior to that contracted position beginning again.

d. This is only a funding formula used to determine total number of hours and dollars available to each building. It is not necessary for each staff member to receive six (6) hours of committee work and resulting pay. The hours may be assigned to any teacher in any amount, according to building needs as determined by the building principal.

In all cases it is understood that this compensation is for additional work performed outside the contracted workday, or the time that may be scheduled with employee's building administrator for leadership duties.

Each department or grade level team shall nominate three employees from whom the principal shall select department heads and grade level coordinators. To ensure equity, positions must be nominated and selected every two (2) years.

10. Mentor Teacher:

- b. at least one health benefit plan in which the employee's share of the premium cost of a full-time employee, regardless of whether the employee chooses the employee-only

Sick leave may be used for planned medical, dental or ocular appointments with 24 hours' advance notice. In any instance involving use of a fraction of day's sick leave, the minimum charge to the employee's sick leave account shall be one hour. The employee may be required to furnish documentation from a licensed health care provider or other satisfactory evidence of illness to the principal.
- c. When an employee will be absent from work due to illness, the employee shall give notice as early as possible and not later than 6:30 a.m. of the first day of the illness. If the absence is for consecutive days, each day that a substitute will be required shall be confirmed as early as possible and in no event later than 6:30 a.m. of the actual day and the principal should be notified of the probable date of return.
- d. A teacher returning from any illness of more than five (5) days, whether or not sick leave benefits have been paid, may be required to submit to a medical examination or other medical evaluation through a licensed health care provider of the employee's choice, at the employee's expense or by a licensed health care provider designated by the District, at the District's expense, in order to establish medical fitness for the duties of the position before returning to work. The employee will be granted release time for such examination and said absence will not be deducted from the employee's sick leave.
- e. Any employee obtaining sick leave benefits by fraud, deceit, or falsified statement, shall be subject to disciplinary action including termination of contract.

The employee's sick leave accumulation shall be reduced four (4) days for each day compensated. No employee may receive compensation for sick leave accumulated in excess of one (1) day per month.

At the time of separation from school district employment due to * retirement or death, an eligible employee or the employee's estate shall receive remuneration at a rate equal to one (1) day's current monetary compensation of the employee for each four (4) days accrued sick leave for illness or injury.

An employee otherwise eligible for sick leave cash out may elect to cash out all unused sick leave on leaving the district, even though not eligible for retirement. The district shall hold such cash out for the employee under the provisions of the law.

*For the purpose of this provision, retirement shall be defined as when an employee is eligible to receive benefits under Washington State Retirement Systems (WSTRS)

In the event RCW 28A.400.210 relating to sick leave cash out is altered by action of law, the above clause shall be modified to conform to such change.

SICK LEAVE SHARING METHODOLOGY

The following definition shall be used to implement sick leave sharing, in accordance with WAC 392-126-006: Sick leave sharing shall be made available to an employee who is suffering from or has a relative or household member suffering from an extraordinary or severe illness, injury, or physical or mental condition which has caused or is likely to cause the employee to take leave without pay or terminate his/her employment. The district shall provide a form for qualified employees to make written application for donated leave and form for qualified employees to donate sick leave.

To be eligible for donated sick leave the following provisions must be met:

1. In any twelve (12) month period, employees who have accumulated more than 22 days of sick leave may donate accumulated sick leave days to other employees. The employee donating the days shall specify the number of the days to be donated. The district and the association shall develop procedures necessary to implement this program. No transfer of sick leave may cause the donating employee's sick leave accumulation to fall below 22 days.
2. No employee may receive shared leave if the employee still has paid leave available, may receive more than 180 days of donated leave per contracted year, and may receive more than 360 days of donated leave while working for the district.
3. In the event an employee does not use all the donated leave, the unused donated leave shall be returned to the donors within thirty (30) days after the use of donated leave ceases using a pro-rata procedure. An employee using donated leave shall receive their usual pay and benefits.
4. Except for the procedure in #3 above, the donor shall be required to execute a waiver for the return of his or her donated leave.
5. The district and the association shall each designate one person to review requests for donated leave.
6. Contributions of sick leave shall be voluntary and donors' and non-donors' names shall be confidential.

2. Emergency Leave

Emergency leave with pay shall be granted in any one year for such emergencies that necessitate the teacher's absence during school hours and a situation that cannot be handled at a time other than the working day. Such leave shall be deducted from the employee's sick leave accumulation. Such leaves are to be approved by the Superintendent who may consult with the principals if necessary.

3. Maternity/Paternity Leave

An employee requesting maternity/paternity leave should give written notice to the District at least two (2) weeks prior to commencement of said leave. This written request for maternity leave should include a statement as to the expected date of return to employment. Within thirty (30) days after childbirth, the employee shall inform the District of the specific day of return to work. Paid leave, to the extent the employee has available leave, will cover that period of time required for confinement, delivery, and recovery from the birth. A certificated employee returning from maternity leave will be placed in the employee's former position prior to taking leave from the District.

The employee, if qualified, shall be allowed additional leave as regulated under the Family and Medical Leave Act.

CHILD-REARING LEAVES OF ABSENCE: Upon the written request of the employee to the Superintendent, child-rearing leave up to one (1) year shall be granted to the employee. An employee may request that the leave be extended for one (1) additional year upon approval of the Superintendent.

Persons on an unpaid child-rearing leave shall be required to specify their date of return.

4. Bereavement Leave

Five (5) days shall be granted with pay for bereavement of an immediate relative.

Definition of "immediate relative": spouse, siblings, parents, grandparents, children, grandchildren, aunts, uncles, nieces, nephews, step-parent, foster family, guardian or those of the employee's spouse, dependents of the employee or persons living in the same household as the employee. Employees may be granted emergency leave in all other cases of bereavement.

5. Family Illness

Certificated employees shall, upon request, be granted leave with pay for up to five (5) days during a contract year when such absence is occasioned by a serious illness or accident which involves hospitalization of any member of the immediate household and/or relative. This must be approved by the Superintendent. Certificated employees shall, upon request, be granted leave when such absence is occasioned by other family illness (i.e. flu, colds, etc.) in which case the leave will be deducted from the certificated employee's current year sick leave. See #4 for definition of "immediate relative".

6. Professional Leave

Any bargaining unit member may use professional leave, which shall be used to visit other schools, attend seminars and workshops which are not scheduled on the normal professional workshop days, and other sessions which will have professional benefit. Requests for professional leave will be directed to the Superintendent for approval. Such leave shall not be deducted from sick or personal leave, or accumulate from year to year.

An employee seeking Professional Development, including but not limited to: National Board Certification, Professional Certification, Masters or Doctorates degrees, may be granted Professional Leave to be used on portfolio development, test prep, and/or examinations.

7. Personal Leave

Two (2) days per year are granted for those occasions when leave is desired for personal commitments but does not qualify as an emergency. Such leave can be used at any time (as long as ample substitutes are available) except the days immediately before or after winter break. Only five teachers are allowed to use a day adjacent to Thanksgiving or spring break: One each from the high school, the middle school, the intermediate school and two from the elementary school. All leave must be approved in advance. Leave requests not made two (2) working days in advance may be denied. Personal leave may be denied if requested during the first and last five (5) days of the academic school year. Such leave may be accumulated up to a total of five (5). However, *only* four (4) personal days may be used consecutively. The number of teachers allowed to use four days consecutively shall be limited to three teachers per year, and leave requests to use four consecutive days not made ten (10) working days in advance may be denied. If more than three employees request to use four days consecutively, the earliest notices (date

and time received) shall be given preference. Leave requests to use four (4) consecutive days may be accepted one year in advance of the requested leave, and every day thereafter. Optionally, leave may be cashed in at the substitute pay rate. Notification to the district office is required to initiate this option.

8. Jury Duty and Subpoena Leave

Leaves of absence with pay shall be granted for jury duty. The teacher shall notify the District when notification to serve on jury duty is received. Leaves of absence with pay shall be granted when a teacher is subpoenaed to appear in a court of law.

SECTION I: LEAVES OF ABSENCE

It shall be the policy of the District to allow up to one year leave of absence upon application by any certificated employee who is in good standing (not on probation). Such leave of absence shall be without pay and submitted on or before July 1 except in the case of (a) Maternity Leave or (b) Illness or Injury in which case the employee will submit an application to the District as soon as possible. The certificated employee's position in the District will be guaranteed under the following conditions:

1. Continuing their education to gain an advance degree.
2. Extended Illness or Injury.
3. Maternity Leave.

All other conditions for leave of absence shall be at the discretion of the Board. The Board may grant such leave of absence provided a suitable replacement may be found on the one-year basis. The certificated employee who has been granted a leave of absence not under the conditions listed above shall be guaranteed a teaching position with the district.

The leave of absence employee's location shall be given to the District by written notice or telephone in the month of January and again in June to advise the school district on the probability of availability for the ensuing year.

SECTION J: ASSIGNMENT, TRANSFER AND VACANCIES

For purposes of this section, seniority will be defined by the following ranked order:

1. Teacher Certification/Endorsement
2. Time in District
3. Time in State
4. If all things are equal, ties will be determined by lot

In order to maintain an accurate Certificated Employment List, the district will provide a form based on the above criteria. This list will be provided to the staff by November 1 of each year. Staff will verify the accuracy of the information by signing the document in the space provided

and return the document within 15 days. If the information is incorrect, it is the employees' responsibility to notify the district office.

1. Assignment:

An employee's current job placement.

- a. Employees shall not, except for good cause, be assigned to teach classes outside of their teaching experience or their major, minor or endorsed fields of study.
- b. Written notification of change in assignment shall be provided to all affected employees by June 1 of the current school year, if known. Notification shall include reasons for the change upon request. In other cases, personnel will be notified as soon as placement is known.
- c. The District will work to avoid assigning employees out-of-endorsement. Evaluators shall not focus on evidence of content knowledge and pedagogy from classes or subjects outside the employee's certification and endorsements. Employees assigned outside their endorsement area for one period shall not be evaluated in that area/class. Employees subject to evaluation in their assigned but unendorsed areas or classes shall be provided a mentor, and the District and employee will develop a plan for the employee to become appropriately endorsed, including relevant professional development. The plan will be initiated within thirty (30) days from the start of the school year or employee's hire date whichever is later.

2. Reassignment:

Reassignment: A change in assignment within a building.

- a. A voluntary reassignment is one initiated by the employee.
- b. An involuntary reassignment is one initiated by the administration because of building or program needs.

3. Vacancies:

A position, which has been vacated and is scheduled to be refilled or one that has been newly created.

- a. The District shall inform all certificated staff of vacancies which occur.
- b. Elementary staff members who make a written request shall be reassigned to a vacant position within two (2) grade levels of their current assignment. (Specialists shall not be covered by this provision.)

If more than one elementary staff employee desires a vacant position, and all other qualifications are equal, the staff member highest on the Certificated Employment List will be selected.

4. Transfers

Transfer: a move to a position in another building.

a. Employees who wish to apply for a transfer to a posted vacant position shall make a written request to the superintendent no later than the fifth (5) day after the announcement of said vacancy.

b. Employees who desire a transfer shall be considered on the basis of the qualifications listed in the job announcement. The qualifications required for the position shall be determined by the Board. The Board retains the right to hire the most qualified applicant.

c. Voluntary Transfer Clarification

1. The District will solicit requests for transfers and vacancies via the Tentative Employment Plan from employees by April 1st of each year. This does not preclude employees who later become aware of specific openings from applying to the District Office for a particular professional opportunity at whatever time an opening might occur up until July 1st.
2. Requests for transfer shall be kept on file.
3. An employee shall submit a Letter of Interest subsequent to the posting of a vacancy.
4. If an employee's request for transfer is denied, the employee shall be notified in writing with the reason for denial.

d. Involuntary Transfer

Involuntary transfer is one initiated by the administration.

1. When an involuntary transfer becomes necessary, the selection of the person to be transferred shall be based upon the following ranked order:
 - a. Employee qualifications
 - b. Program requirements
 - c. Best interest of the students
 - d. The least senior person will be selected providing program requirements can be met and employee qualifications are substantially equal.
 - e. Elementary staff shall not be reassigned more than two (2) grade levels from his/her current assignment, without employee agreement.
2. The affected employee shall be notified of said transfer in writing as soon as

such decision to transfer is determined. Notification shall be in person and include reasons for the transfer. The affected employee is entitled to discuss personal desires prior to transfer.

3. The affected employee may challenge the transfer by giving written notice to the Board and the Association. Upon receipt of such notification, the Association will respond with a written recommendation to the Board within five (5) workdays of receiving the employee's challenge. The decision of allowing the transfer to stand shall then rest solely with the Board.
4. If the affected employee refuses to accept the transfer, said employee's contract may be terminated.
5. The affected employee will be given three (3) days for planning. The content of these planning days will be established in collaboration with, and approved by, the building administrator.
6. If the involuntary assignment requires the employee to change rooms or move buildings, the employee shall be paid two (2) days of pay at his/her per-diem rate of pay for moving. The district shall be responsible for moving employee's materials, if requested.

SECTION K: CERTIFICATED STAFF REDUCTION

In the event the District adopts a reduced educational program by reason of financial necessity, (financial necessity shall be defined as a severe interruption or reduction in District or program funding, or a decline in District or program enrollment) employees who will be retained to implement the District's reduced or modified program and those employees who will be laid off from employment or adversely affected in contract status shall be identified in accordance with this section.

Prior to May 15, the Board of Directors, upon the recommendation of the superintendents shall determine whether or not the educational program of the District will permit the District to maintain its staff needs at the same level for the following school year. If it is determined that such a program is not feasible for the following school year, the Board, upon recommendation of the Superintendent, shall identify the certificated staff members, if any, who must be non-renewed and placed in an employment pool. All such non-renewals shall be in accordance with statute. No District personnel outside of the bargaining unit shall be allowed retention under the Agreement.

1. Procedures

The following procedures shall be used to implement the policy set forth above.

2. Programs and Services

- a. Prior to the Board's acting on the Superintendent's recommendations for program or service reduction, modifications or elimination, it will provide the opportunity for

involvement of the Association in such decision-making processes by May 1st.

b. If educational programs and services of the school district are to be modified, the following considerations shall be utilized in determining the program and services to be retained, modified, or eliminated.

1. The effect upon the student is of the highest priority; therefore, the program to be retained shall attempt to minimize the consequences of program reduction upon the student.

2. Where revenues are categorical and depend on actual expenditures rather than budgeted amounts, every effort will be made to maintain these programs to the limit of this categorical support (e.g. Special Education, federally supported programs, etc.).

c. In determining the financial resources available, the District shall make an effort to solicit and obtain cooperation and funding from local government, state, and federal resources.

d. All prospective donors of gifts to the School District will be requested to make their donations to the general programs of the school rather than any specific program.

e. Reduction of certificated personnel will be minimized by making adjustments wherever practical in the following categories:

- Capital outlay
- Travel
- Contractual services
- Maintenance and Operation
- Other services
- Supplies and materials
- Instructional materials
- Cash reserves and contingency funds

To minimize non-renewals, the District shall offer, where feasible, part-time teaching contracts to the current staff with the provision that any certificated employee accepting such a contract shall be re-employed the ensuing school year in the same position and/or level, with no loss of rights, benefits, or seniority which would normally have accrued during a full-time school year.

3. Staff Retention

- a. In an effort to eliminate the necessity of involuntary non-renewals, a reasonable effort shall be made to ascertain the number of certificated positions which will be open for the following school year by reason of normal attrition as outlined below.
 1. Voluntary certificated personnel retirements.
 2. Normal certificated personnel resignations
 3. Before the implementation of the reduction in force procedure, the entire certificated staff will be offered the opportunity to make written application for a year's leave of absence. The Superintendent shall recommend favorable action by the Board for any applicant if the granting of such leave would eliminate the necessity for involuntary non-renewal of a certificated employee. Such leave of absence, if approved, shall entitle said person to the same seniority rights at the beginning of the ensuing year as said employee normally would have under the District's leave policy. This policy shall be applied to those individuals previously on leave in accordance with its application to re-employment following the expiration of certificated employees on (1) year leave of absence and shall continue to be subject to the provisions of RCW 28A.405.2 10 and the provisions of this Agreement
 4. Vacant positions created by attrition or involuntary non-renewals will be filled by transferring currently employed certificated staff members within the District unless by reason of certification, training, and experience no qualified person is available.
- b. To insure that the certificated staff recommended for retention will be qualified to implement the educational program determined by the Board, all certificated employees must possess such valid Washington State Certificate as may be required for the position(s) under consideration.
- c. Seniority: When more than one person qualifies for a particular position under the conditions listed above, the certificated employee who has the greatest length of service as a certificated employee, based on the criteria used by the District in determining placement on the salary schedule shall be given the position. When more than one person qualifies for a particular position, the person who has achieved the greatest horizontal advancement on the District Salary schedule shall be given the position. If a tie still exists, the individual with the most quarter hours beyond the Bachelor's Degree as recorded in the District office as of October 1 of the current year preceding the anticipated reduction will be given the position. Ties shall be broken by lot.
- d. Prior to the date specified by statute immediately preceding the school year in which the modified educational program will take effect, the names of certificated personnel to be non-renewed, if any, shall be identified and submitted to the Board for approval and action under statute.

- e. All certificated personnel who are not recommended for retention in accordance with these administrative procedures shall be non-renewed and placed in an employment pool for possible re-employment. Employment pool personnel will be given the opportunity to fill open positions for which they are qualified. The criteria set forth in this policy shall be applied to determine who shall be offered such positions.
1. When a vacancy occurs for which any person in the employment pool qualifies, notification from the school board to such individual will be by certified or registered mail, or personal contact by the Superintendent. Such individual will have five (5) calendar days from the receipt of the letter or from date of personal contact to accept the position by certified or registered mail or personal contact. It shall be the obligation of the individual in the employment pool to keep the Superintendent notified as to where they can be reached so that contacting the individual will not take more than five (5) days. If they do not fulfill this obligation, the school district is under no obligation to carry out the provision of contacting them.
 2. If an individual in the employment pool fails to accept a position for which the employee is eligible pursuant to this policy, such individual will be dropped from the employment pool.
 3. At the end of the school year in which any modified educational program is to be implemented, certificated staff members remaining in the employment pool shall be offered contracts, for available certificated positions for which they are qualified in accordance with this policy.
- f. The District will utilize employment pool personnel as substitutes on a first priority basis if the employee indicated that said employee is willing to substitute by signing up on a substitute list.
- g. It is understood that this policy, after bargaining any impact with the Association, may be amended to coincide with any requirement imposed upon the District in reference to its affirmative action program.

4. Administrative Transfers:

In order to reduce the number of employees subject to nonrenewal, the District will implement administrative transfers pursuant to the process described in the involuntary transfer provisions of § J.

- 2. If a teacher is assigned to two or more schools, his/her evaluator shall be identified by the end of the school year, and shall be based on the building in which the employee spends the majority of his/her time.
- 3. Evidence used in evaluations may come from sites other than the classroom.

B. Informal observation

- 1. Information or data gathered during informal/drop-in/walkthrough visits to a teacher's classroom by his or her evaluator may be used as part of the evaluation when the evaluator posts his or her report of the informal observation to eVal within five (5) days.
- 2. Any time after an informal observation has been conducted a teacher may request a post-observation conference to discuss that observation.

C. Formal Observations

All teachers shall be observed at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall not be less than 60 minutes.

Prior to each formal observation, the teacher and the evaluator shall mutually agree to the date, time and location for said observation.

1. Such formal observations will take place when the teacher is providing instruction to students.
2. Formal observations shall not be scheduled less than six (6) weeks apart, except in cases of emergencies or at the request of the teacher, in order to allow for conferencing and growth.
3. Teachers shall have the opportunity to provide unobserved evidence of having met certain criteria and goals.

D. Focused Evaluations

In the years when a comprehensive summative evaluation is not required, classroom teachers who received a comprehensive summative evaluation rating of Proficient (level 3) or above in the previous school year may undergo a focused evaluation in lieu of a comprehensive evaluation. The summative score from the most recent comprehensive evaluation shall be used as the final rating under the Focused Evaluation. This will, in no case, be less than Proficient. Should a teacher provide evidence of exemplary practice on the chosen focused criteria, a level 4, distinguished, score shall be assigned by the evaluator. If either the teacher or the evaluator determine that a comprehensive evaluation is more appropriate for the teacher that year, that process will be used. A focused evaluation includes an assessment of one of the eight criteria selected for an evaluation rating plus professional growth activities specifically linked to the selected criteria.

1. Teachers on focused evaluations shall have the option of selecting which one of the eight criteria will be assessed, with evaluator agreement, plus the professional growth activities linked to that criterion. The role of the evaluator shall be to either approve the proposed activities or suggest modifications to produce a jointly agreed upon activity or activities.
2. The selected criterion may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention or other area of expertise to be further developed. A group of teachers may focus on the same evaluation criterion and share professional growth activities. Each teacher shall combine his/her self-assessment with the district and/or building initiatives and select one professional goal from the state criterion for the year. In addition, the teacher shall determine a student growth goal for Student Growth Component 3.1 or 6.1.
3. If the selected criterion for the focused evaluation is not observable in the classroom observations will be conducted where the selected criterion can be observed. No observation shall take place outside the classroom unless the evaluator has provided the teacher with notification.
4. Teachers shall have the option of being evaluated as a member of a team or as an individual.

5. The evaluator must assign a summative evaluation rating for the focused evaluation using the methodology adopted by the Superintendent of Public Instruction for the instructional framework being used.
6. A teacher may be transferred from a focused evaluation to a comprehensive summative evaluation at the request of the teacher or at the direction of the teacher's evaluator. Any transfer from focused to comprehensive evaluation must occur prior to December 15. Should the evaluator move an employee to comprehensive from focused, this notice must be in writing.

E. Comprehensive Evaluation

1. All classroom teachers shall receive a comprehensive summative evaluation at least once every four years. A comprehensive summative evaluation assesses all eight evaluation criteria and all criteria contribute to the comprehensive summative evaluation rating.
2. The following classroom teachers shall receive an annual comprehensive summative evaluation: Provisional Teachers and any classroom teacher who received a summative evaluation rating (either comprehensive or focused) of level 1 or level 2 in the previous school year.

F. Comprehensive Evaluation Steps

1. Step 1: Self-Assessment

 - (b) The teacher and evaluator shall meet and discuss the lesson plan and identify any specific areas of focus, establish a date for the formal observation, and discuss professional activities

to be observed, including their content, objectives, strategies, and possible evidence to meet the scoring criteria. (The goals may be referenced, if applicable).

4. Step 4: Observation

The evaluator shall conduct the observation of practice within five (5) working days of the pre-observation conference.

5. Step 5: Post-Observation

The evaluator shall prepare a report of the observation after the observation and share a copy of the report with the teacher within three (3) working days of completing it. The teacher may add to it or correct it, as necessary. If either the teacher or evaluator is unavailable to meet within the three (3) day period, the conference shall be re-scheduled to occur within three (3) school days of such cancellation. The teacher may notify the evaluator that the teacher waives the meeting to discuss the observation if the observation is scored “proficient” (3) or better.

6. Step 6: Summative Assessment / Score

(a) No later than May 31, the teacher and evaluator shall meet to discuss the teacher’s final summative score. At the end of the evaluative cycle, the teacher shall be invited to review the evidence accumulated throughout the school year in which the evaluation is conducted, including:

- i. Classroom-based assessments
- ii. School-based assessments
- iii. District-based assessments
- iv. State-based tools.

(d) Multiple measures may also be used as evidence to assess a teacher’s professional performance against the instructional frameworks. Such measures, selected by the teacher and in consultation with the evaluator, and may include, but are not limited to the following:

- i. Lesson plans, IEPs, portfolios, newsletters, videos of practice, learning objectives, learning targets, emails, perception surveys, exit tasks, phone logs, PLC notes, data analysis, discipline referrals, posted routines, posted rules and goals, case studies of student progress, analysis of student work over time, classroom observation of evidence of student learning

Professional contributions consist of activities like curriculum development, leading professional activities, participating in professional development, setting professional goals, participating in PLCs, using exemplars, family engagement activities, parent communications, peer assistance and review, mentoring and support to others, coaching, and other leadership roles.
 - iii. Communications with parents may include, but not be limited to, phone calls, emails, grade reports, progress reports, and conferences.
 - iv. Examples of impacts student learning include student work samples and learning goals; district, school, and classroom assessment of students; student portfolios; formative and summative student growth data; student projects; and data walls.
 - v. Teachers shall not be required to create artifacts solely to meet the requirements of the evaluation system. Additionally, tools or forms used in the evaluation process may be considered as artifacts.
 - vi. Such multiple measures shall be selected by the teacher after consultation with the evaluator. Teachers may, but shall not be required to, submit artifacts and evidence for completion of their evaluation cycle. Teachers shall not be required or expected to produce all student growth data available or all teacher performance evidence available.
7. The teacher and evaluator discuss their overall assessment of the evaluation process, and their perceptions of the results of that process during the conference.
 8. If an agreement cannot be reached on the assessments, the evaluator's assessment shall be recorded and the teacher may follow the due-process agreement already set in the contract.
 9. If the evaluator assigns the teacher a final summative score below Proficient (3), the teacher shall have an opportunity to provide more evidence, if requested within three days of the final evaluation conference. The evaluator must provide evidence, which may include records showing the absence of evidence establishing the employee's rating.
 10. If a classroom teacher that is a continuing contract employee with more than five years of teaching experience receives a Level 2 (Basic) rating for two consecutive years or two years within a consecutive three-year time period, then his or her performance shall be judged "unsatisfactory".
 11. All employees receiving an annual, final summative evaluation rating below level 3, Proficient, shall be given additional support by the District. Examples of such support include, but not be limited to, paid in-service training, release time to observe colleagues, option to transfer, outside evaluator, assignment of a coach/mentor; additional, focused professional development resources, professional growth opportunities, and guided growth plans. The employee and evaluator shall meet either prior to the end of the school year in which the "Basic" or "Unsatisfactory" rating was received, or at the beginning of the following school year, to mutually determine the kind of additional support that would best serve the employee.

12. Any teacher whose performance has been judged unsatisfactory shall be placed on probation any time after October 15 of the following year.
13. The teacher will sign two (2) copies of the final evaluation. Each teacher shall sign the observation and evaluation forms to indicate receipt. The signature of the teacher does not, however, necessarily imply that the employee agrees with its contents, only that he or she has read it. The teacher may attach any written comments to observations and to the final annual evaluation report as well. Teachers shall have the right to attach additional comments or a rebuttal to the final evaluation at any time.

Probation (Non-Provisional)

A probationary period of sixty (60) school days shall be established. Additional days may be added if deemed necessary to complete a program of improvement and to evaluate the probationer's performance, as long as the probationary period is concluded before May 15th of the same school year.

Such prescription shall include a system for periodic feedback during the probationary period, supports provided and funded by the District, and the dates those supports will be in place.
- D. The Superintendent shall review the evaluator's recommendation for probation. If the Superintendent determines that there is an alternative to probation, he/she may continue to work with the parties involved. If it is determined by the Superintendent that probation is warranted or required, then the Superintendent shall notify the employee in writing. At this time the evaluator shall meet with the employee and, at his or her request, a representative of the Association, to go over the plan of improvement, both for understanding and to collaborate in making any changes that the parties might deem prudent.

 - (3). The ESD evaluator will evaluate the employee using the evaluation process and instruments established above.
 - (4). During this time the employee will not be transferred from the supervision of the original evaluator.
- C. A teacher who is on a plan of improvement must be removed from probation if s/he has demonstrated improvement in the areas described as deficient sufficient to obtain the necessary minimum evaluative rating. The teacher must also be removed if he or she has five (5) or fewer years of experience and scores a 2 (Basic) or above, or if he or she is a teacher of more than five (5) years' experience and scores a 3 (Proficient) or above.
 - D. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer, shall constitute grounds for a finding of probable cause for non-renewal of contract or discharge.
 - E. Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and program for improvement, the teacher may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary teacher's compensation or benefits for the remainder of that teacher's contract year. If such reassignment is not possible, the district may, at its option, place the teacher on paid leave for the balance of his or her contract term.

The District will continue to assume the responsibility of providing a wholesome atmosphere for teaching a situation that is conducive to the most effective learning by students.

The Royal Education Association and the Royal School Board both desire to provide the best possible education for all students. To this end, the Association and the Board acknowledge that distribution problems in class loads exist which creates problems for both teachers and students. To this end, the Association and the Board pledge to work cooperatively to place students where

they will be best served by the teachers, taking into account such problems as non- or Limited-English speaking students. In particular, the faculty and administration at all levels shall work together to attempt to create schedules and class loads which maximize the opportunity for students through equitable distribution. The District agrees that the high school and middle school principals will be open to receiving staff input during the process of developing class schedules. Where agreement cannot be reached, the Board retains the right to make the final decision.

The District will, where reasonably practical, distribute students proportionately between different sections of the same course or class. Distribution will be considered proportionate if the class size difference is five (5) or less students.

SECTION C: PREPARATION PERIOD

Grades 7-12 shall be provided one (1) preparation period per day of at least forty-five (45) minutes of uninterrupted time.

The District will provide two hundred twenty-five (225) minutes of preparation of time per five-day week for elementary school teachers. This time will be scheduled by the building principal. A total of 150 minutes (30 minutes per day) of this preparation time each five-day week will be uninterrupted.

Planning time lost due to lock downs or other situations out of the control of the employee, shall be reimbursed at their per diem wage.

SECTION D: CLASSROOM OBSERVATION

The Board recognizes the desirability for patrons of the District to be familiar with the total educational program. It further recognizes that frequent or unannounced interruptions to the classroom can be detrimental to the educational process. To provide patrons the opportunity to visit classrooms with the least interruption to the teaching process, the following guidelines are set forth

1. All visitors to a school and/or classroom shall obtain the approval of the principal and if the visit is to a classroom, the time will be arranged after the principal has conferred with the certificated employee.
2. The certificated employee shall be afforded the opportunity to confer with the classroom observer before and/or after the observation.

SECTION E: STAFF DEVELOPMENT

1. The Board and the Administration recognize that if an effective educational program is to be maintained in the District, it is necessary to provide continuing opportunities for the growth of the staff.

A continuing program of staff development must draw upon all resources available within and outside the District. It shall include opportunities for staff to participate through such methods as released time, early dismissal, and visitations. It shall make available in-service for college credit courses where feasible.

A full program of staff development activities should include but not be limited to the following types of opportunities:

- a. Consultant and materials assistance for staff involved in curriculum innovation and change.
- b. Workshop and classes to help certificated employees become more aware of the needs of the individual learner and to acquaint them with teaching-learning approaches which will be responsive to these needs.
- c. Special classes to broaden vocational interests.
- d. Activities to assist staff in self-evaluation of professional growth.

identified needs of the certified employees within available funds if those District funds are needed, and clock hour offerings shall be mutually developed and implemented.

Late Start/Early Release Sessions: There will be three (3) sessions per year where students are in session two (2) hours less than normal. Late start/early release days will be used for grade preparation. These late starts/early releases will be scheduled on the days following the end of quarters.

The Board agrees to give all due consideration to proposals for additional time.

SECTION F: ACADEMIC FREEDOM AND RESPONSIBILITY

1. The presentation and discussion of controversial issues in the classroom should be on an informative basis. Employees should guard against giving their personal opinions on sectarian or political questions or any other controversial issues until the students have had the opportunity to find, collect, and assemble factual material on the subject; to reconsider assumptions and claims; and to reach their own conclusions. By refraining from expressing personal views before and during the period of research and study, the employee is encouraging students to search after truth and to think for themselves. The development of an ability to meet issues without prejudice and to withhold judgments while facts are being collected, assembled, weighed, and relationships seen before drawing inferences or conclusions is among the most valuable outcomes of a free educational system.

The policy can best be described by listing three basic rights of the student:

- a. The right to study controversial issues which have political, economic or social significance on which, at his level, he should begin to have an opinion.

- b. The right to study under competent instruction in an atmosphere free from bias and prejudice.
- c. The right to access all relevant information freely available in school or public libraries.

Emotional criticism and the promotion of a cause within the classroom are inappropriate and unscholarly. The employee's attitude should be that of a true scholar which is truth seeking, open minded, and tolerant.

- 2. Certificated employees have the right to explore different methodology and styles of teaching provided such is appropriate to the level and/or subject being taught; and are compatible with the District's initiatives.
- 3. The principles of academic freedom for certificated employees shall not supersede the basic responsibilities of the employee to the education profession. These responsibilities include:
 - a. A commitment to support the Constitution of the United States.
 - b. A concern for the holistic welfare, growth and development of children.
 - c. An insistence upon objective scholarship.
 - d. Utilization of current District-authorized courses of study.
- 4. Free interchange of ideas leading to clear understanding at the maturity level of pupils is expected as part of effective teaching. Any challenge of an employee's use of educational material on the basis of suitability, upon their presentation of ideas involving morality or patriotism or upon their literary merit, shall receive the immediate attention of the employee's administration and Association to investigate the complaint lodged. Such investigation shall be completed within a reasonable time period provided the complainant has followed District procedure for review of such matters. The lodging of a complaint shall not automatically cause the suspension of a course and/or its content prior to an investigation without the mutual consent of the affected employee.

SECTION G: STUDENT DISCIPLINE

- 1. In accordance with Washington Administrative Code, each certificated employee shall have the authority to impose discipline upon a student for misconduct, which violates written rules of the school district and individual classroom. If the student needs to be removed from the room, they may not be returned to that class or activity period or equivalent, without the approval of the teacher. Prior to the student being re-admitted to class, the employee will be informed about the action taken. In addition, each certificated employee shall have the authority to recommend to the administration a longer suspension and/or expulsion for misconduct based upon the severity of the infraction. There may be a conference between student, parent or guardian, principal and the teacher resulting in a signed agreement specifying the future behavioral

expectations of the student.

2. Teachers shall submit a written code for individual classroom behavior to their respective building principal on or before the first day of school each year for approval.
3. The District shall provide for the use of diagnostic or therapeutic personnel and provide other support services including a separate adjustment location for the continually disruptive student. Re-admission of a student to a regular classroom may take place upon demonstrated acceptable behavioral changes.
4. The Board and the Superintendent shall support and uphold its certificated employees in their efforts to maintain discipline in the District in accordance with District discipline rules, such written rules to be distributed to each certificated employee at the beginning of the school year. Further, it shall be understood that the authority of certificated employees to use prudent disciplinary measures for the safety and well-being of pupils and employees is supported by the Board. In the exercise of authority by a certificated employee to control and maintain order and discipline, the certificated employee may use reasonable and professional judgment including reasonable use of physical restraint concerning matters not provided for by specific policies adopted by the Board and not inconsistent with federal or state laws or regulations.
5. The District shall conduct instructional meetings for certificated employees concerning all applicable federal, state, and local laws; District rules; regulations, and procedures pertaining to student rights, teacher rights, due process, and the processing of student discipline. These meetings will be held during the workday and at no cost to the certificated employee.

SECTION H: EMPLOYEE WORK CALENDAR

In establishing the employees' work year calendar the parties shall meet and exchange work calendar proposals no later than March 1. Following the initial meeting, the parties shall schedule meetings as necessary to reach a tentative agreement by April 15.

The work year calendar effective during this Agreement shall be as set forth in Appendix D. Changes in the work year calendar shall be made only after consultation between the District and Association.

On Fridays unless students have been released early, and all days before holidays, employees will be allowed to leave the school building after the students have departed and the buses have left.

SECTION I: STUDENT DETENTION

Teachers and other certificated employees shall have the authority to detain students under their supervision for up to forty (40) minutes after the regular hour for student dismissal. Detention will not extend beyond the time of the departure of the bus upon which the student rides unless prior arrangements have been made with the student's parents or guardian.

SECTION J: STAFF BULLETIN

The building level principal or designee shall provide a weekly schedule of upcoming activities to all concerned employees.

A copy of each weekly schedule: High school, middle school, intermediate school and elementary school will be sent via email at each building level.

SECTION K: SUPPLIES

The District shall provide basic supplies, including copy paper and curriculum materials. At the elementary level, each classroom will have an annual allocation of six hundred dollars (\$600.00) for classroom or supplemental instructional materials, seven hundred dollars (\$700.00) for kindergarten classrooms. At the middle school, each classroom will have an annual allocation of four hundred (\$400.00) for classroom or supplemental instructional materials. Employees or departments may make specific requests to the building principal for classroom or instructional materials that exceed the annual allocation or are a special need.

ARTICLE V - DURATION AND SIGNATORY PROVISION

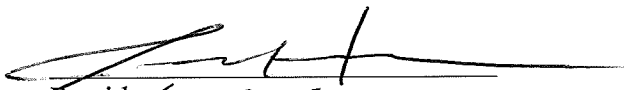

A. This agreement shall be effective from September 1, 2017 up to and including August 31, 2018.

B. School Calendar shall be negotiable each year. This Contract may be reopened at any time with the mutual consent of the parties.

C. At the option of each party, written bargaining proposals may be submitted to each other no later than May 1st. This date may be extended by mutual agreement.

Such contributions shall be made on behalf of all group employees defined as eligible and shall be considered and referred to as employer contributions.

To be eligible during the term of this agreement, an employee must have earned at least 180 days of unused sick leave as of the effective date, not including any front loaded days.

Sick Leave Contributions – Retirement or Separation from Service: Eligibility for contributions at retirement or separation from service is limited to employees who retire or separate from service with sick leave cash-out rights during the term of this agreement.

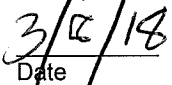

NOTE: All leave cash out contributions on behalf of each eligible employee shall be based on the cash-out value of leave days or hours accrued by such employee available for contribution in accordance with statute and District policy or procedure. For sick leave cash-outs, it is understood that all eligible employees will be required to sign and submit to the District a hold harmless agreement complying with RCW 28A.400.210. If an employee eligible for such sick leave contribution fails to sign and submit such agreement to the District, the District will not make sick leave cash-out contributions to the Plan at any time during the term of this agreement, and any and all excess sick leave which, in the absence of this agreement, would accrue to such employee during the term hereof shall be forfeited together with all cash rights that pertain to such excess sick leave.
